TerraCare Associates
Quinton Guenther

I have had the opportunity to work with Quinton Guenther for approximately 7 years on 2 properties in Fremont and Sunnyvale, CA.

Our last project was to update our front entrance which was 42 years of age, it was of old plum trees and white rock which showed its age, we contacted Guinton and asked for him to create a design and formulate a budget.

Quinton produced and developed on of the most stunning entrances in the bay area and within budget.

We have continuing landscape projects budgeted for 2012-13, Quinton will be our choice in these projects.

Regards,

Brian Pierce, Mgr.
